## Our Goal

Decca Design created this quiz to help you see where you are on your journey. We know starting or expanding a clinic can feel big and confusing. This report gives you clear steps and shows you what are next.

With over 25 years of helping people like you, we've seen that the right plan makes dreams real. Your quiz results are the first step to turning your ideas into a clinic where patients and staff thrive.

## You are Charting the Course...

You're in the information-gathering phase, carefully thinking through your options and making informed decisions. You've got the vision, and now you need the facts to bring it to life. You're looking at timelines, costs, locations, and designs—all the pieces that need to come together before you're ready to build.

This is an exciting stage where every bit of information you collect brings you one step closer to your dream clinic.

## You're Ready to Take the Next Step

Now that you know you're Charting the Course, it's time to focus on gathering the key details that will give you clarity and confidence. This is about turning uncertainty into a clear path forward.

You know you want a clinic that reflects your values and supports your patients and staff. The right information now will help you take those first confident steps.

### **THOSE CHARTING THE COURSE OFTEN FACE THESE QUESTIONS:**

- How do I pick the right location for my clinic?
- Will my design choices make my clinic run smoothly?
- What budget will work for the clinic I want?

## Overcoming the Common Challenges

Every big dream comes with its own set of challenges, and at this stage, you might feel like there's a lot to figure out.

But gathering the right information now can clear away confusion and build your confidence.

Here are some common obstacles those Charting the Course might face:

- **Information Overload:** There's so much to consider! Break it down by focusing on one area at a time, like location, design, or equipment.
- **Uncertain Timelines:** It's hard to know how long each step will take. Reach out to experts or peers who've done this before.
- **Budget Worries:** Costs can feel confusing or overwhelming. Make a list:
  - must-haves
  - Nice-to-havesThis helps you decide where to invest and where to save.

## Your Path Forward

You've gathered valuable details, and now it's time to turn research into action. This stage is about building on your vision and making the first moves to bring your dream clinic closer to reality. Trust the work you've done, set your top priorities, and take it one step at a time. Each clear step builds momentum, making the next one easier and bringing your dream clinic within reach.

### THE SIMPLE PROCESS:

- **Take Time to Plan:** Think about how your clinic will look and feel to your patients, your staff, and yourself.
- **Connect for Guidance:** Find partners or mentors who know how to turn a vision into a real clinic.
- **Stay Inspired:** Look at other clinics that turned their dream into reality for ideas and inspiration.
